DIRECT EDITION

A full-page comic book illustration. In the center, Sonic the Hedgehog is shown from the waist up, looking determined with a slight frown. He is surrounded by a chaotic field of white, skeletal remains, including bones and what appear to be mechanical parts. Several large, purple, muscular creatures with red markings on their faces (Ekmans) are surrounding him, some with their hands raised in a threatening or aggressive manner. The background is a dense, dark purple field of these skeletal remains.

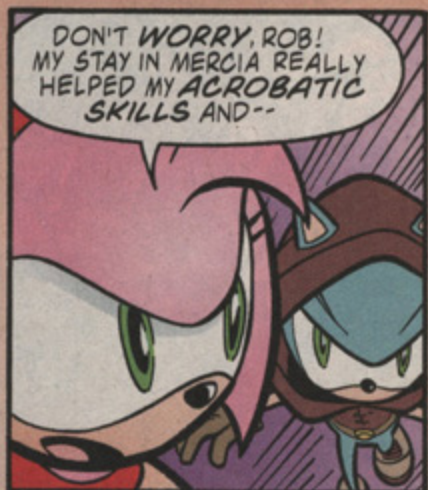

After ten long years, the iron-fisted rule of
DOCTOR ROBOTNIK over the planet MOBIUS was
believed to have ended! Now the villian has returned
to wreak havoc once more, but there are many who are
willing to stand against him in the fight for freedom. The
bravest among them is a brash, blue blur who just happens
to be the fastest thing alive!

THIS JUST IN!

with
Justin
Gabrie

Justin, here! I wanted to tell you that the Spaz Sketchbook has been moved from this issue (as if you didn't notice) to Sonic #115. Though that may be disappointing to some, it does give us the chance to see the return of Steven Butler to the pages of Sonic. I, for one, have missed his art. Welcome back Steven. Now read on as Karl Bollers gets underway with the Dawn Best Interview:

KARL: So how did you get the monthly assignment of doing the KNUCKLES back-up in SONIC THE HEDGEHOG?

DAWN: The real story is, Ken was looking for people to give him a hand. He opened this invitation to anyone who wanted to give it a shot via his message board. A lot of people submitted, a lot of KILLER artists, and in the end, Ken chose my work out of the lot.

KARL: Is this your first professional comic book work?

DAWN: Yep, this is my first. If you asked me a year ago that I'd be working in the comic biz at some point in my life, I would have laughed in your face! But really, this job is a blast, and I'd do it for free. Um, don't quote me on that.. I still have rent to pay this month.

KARL: How do you feel about being referred to as a 'fan artist' by some?

DAWN: What?! Do you have names?? Hehe, seriously, it's no skin off my back to be called a "fan artist," because I still have a lot to learn as far as comics go. Not that it's an excuse to do a bad job or anything, but I feel that just making money from something doesn't turn you pro. You gotta' earn that kind of respect.

KARL: Who is your favorite KNUCKLES character to illustrate?

DAWN: I'm all about Julie-Su. I put a lot of myself into her because we're a lot alike. It's also nice because she's kinda' the liaison between Knuckles' series and the female readers, and being one myself, I can definitely relate there.

KARL: Finally, who do you think would win in a knockout, drag down brouhaha... Sonic or Knuckles?

DAWN: Oh sure, ask me the tough question now! I couldn't tell you, because Sonic and Knux are pretty dead even. Sonic's got the speed skills, and Knuckles has those phatty spiked hands. I would have to say that fight would come out a draw.

Note: Due to the overwhelming amount of e-mail and snail mail, it is impossible for us to reply personally to each and every message. However, your opinions are important to us and each message will be read. Also, due to space limitations, some correspondence may be edited.

Now on to your letters about Sonic #107:

Hey guys!

I just picked up issue 107 and I must say....
AWESOME! I missed issue 106, so I'm a little out of the loop but I must say a few things 1) Dawn Rocks! I was about the 9th picture (y'know Knuckles daughter) that I said to myself "there's no beating that" (cept Spaz and Fry which brings to my next question) 2) **WHERE IS FRY!!!!!!** I mean I'm diggin' Ron but I think we all miss Fry..... 3) Knuckles daughter "Jani-ca" is pretty cool I hope she stays a while 4) Y'all seem to be rushing the story. I mean Sonic was total chaos! And now your adding a third story! **MADNESS!** 5) I picked up this comic 2 years ago **BECAUSE** of the Dreamcast adaption, and I've been a fan ever since and only missed 1 issue (106) so I must say. **PLEASE** do a Dreamcast adaption I would **REALLY** like that. The minute I hear you guys are doing a SA2 adaption..... That'll make my year.....
Thanks, SSJ4 Micah

Where you been, Micah? Oh, yeah, that was a **PREQUEL** to SA2 we did in Sonic #98. Maybe Benny can do the **SEQUEL**. Or maybe Karl can do a Shadow story. What does everyone else think? Write and let 'em know.

WASSSSSSSSUP!

You guys **ROCK!!** I just read issue 107 and its so super **NICE!!!** Sonic laughing at the Sigma Alpha team for just how much they reeked was hilarious! I was dying with laughter! Bawahahaha Then how you guys and gals touch up on deep emotional subjects such as abusive relationships is just so great. That makes this comic book so much less kiddie. Zan, an abusive boyfriend?! **WHOA!** I **DID NOT** see THAT coming! I feel so sorry for Dulcy. Can't blame her much though. It isn't like there are male dragons every where you look! And with that huge heart of hers, she probably wanted to have kids (baby dragons...whatever) **REALLY** bad! So she stayed with him. Good thing he died though.

Whoever came up with how Knuckles' daughter Jani-Ca (cool fake name too!) looks, tell him/her/them, **THEY ROCK!** She looks great! I'm impressed! What an alternative look! So freaking cool! Her braid is a nice touch too!

Hmmmm.....I wonder what everyone is going to think when Knuckles tells them that he works **WITH** Dimitri! The other Echidnas will be like "What is going on?! Are you out of your mind, Knuckles?!" And Knuckles **IS** really **REALLY** crazy for working with that evil toad Dimitri! I wish Knuckles had a better understanding of right and wrong like Sonic does. Sigh.....Knuckles is so dense and stupid. The story line just gets better and **EVEN** better with every issue! So keep up with the **GREAT** work! My lazy self might actually subscribe!

Love you people, Christine
The 17-Year-Old Lazy Crazy Sonic Fanatic

P.S. Don't mind all the words in caps because I **AM JUST BOUNCING OFF THE WALLS WAITING FOR ISSUE 108!!!!!!!!!!!!!!!!!!!!**

By now, Christine, you know that Jani-Ca was really a cover for Lara-Su, who was initially going to make her first appearance in a story called **KNUCKLES: TWENTY YEARS LATER** in the late lamented **SONIC SUPER SPECIALS**.

After having let the cat out of that particular bag, I've been besieged with requests to figure out some way to use her in a story. If nothing else, at least I don't have to field questions about how she should be colored. As for the inevitable sequel, you'll just have to be patient, but it is in the works.

Sonicteam-The comic is great! I just have one problem-the art in the Sonic stories. I want Fry back! But to Dawn Best, keep up the good work on the Knux art. Anyway, I have two questions: 1) What will become of the robot looking pair of legs Robotnik was showing Snively a few issues back? 2) Are you ever going to bring back the Knuckles comic? **SIX PAGES A MONTH DOES NOT DO KNUCKLES JUSTICE! PLEEEASE?**

Keep up the good work! Matt

Fry is no longer hanging out around these parts, but hopefully newcomer J. Axer and returning warhorse Art Mawhinney will do. As for your questions... 1) New writer Benny Lee and Karl Bollers are having a difference of opinion regarding that and other story points, so Justin and I might have to referee. It'll be at least a few more issues before all is sorted out. 2) We agree, but are there enough readers to support the sales to bring back another Knuckles book?

Sonic Crew,

First I would like to say I am a **BIG MEGAFAN** of Sonic the Hedgehog. I love all the plot twists! 2nd, I have 2 questions/comments. (1) In the old comics, Sonic and the gang used to have four fingers,

likewise did Robotnik and the Overlanders that had tried to take over Mobius. Now the people of Station Square had five fingers, which made them different from the other Overlanders. Since then, **EVERYONE** has 5 fingers, including Sonic and the gang and more importantly so do the Overlanders. Why/how did the major characters in this comic's continuity suddenly develop an extra finger? (2) My first and still favorite issue of StH is the one where Sonic recruits all of his counterparts from the cosmic interstate, it was the one that got me into StH, but I don't remember what the issue number is. I am dying to try and find it again. Please help.

Sincerely Montana J. Shane

P.S. please answer the 1st question soon (if not my letter) I am sure I am not the only one who noticed this and was disappointed by it.

You're probably referring to our classic "Night of 1000 Hedgehogs", which appeared in Sonic #19. Good luck in scarfing up a copy as that is one tough puppy to find. Now about those extra fingers, here's the fun reason: you'll have to wait for the story explaining that one, which we'll get around to when Star Trek explains where the new Klingons came from as well as what happened to the original version. It's kinda along those lines... or we can just come clean and give you the real reason: Oops. Sometimes it is missed by the artist and is not corrected by the editorial and production department before it gets printed. Things like this disappoint us, too, so we work hard to catch a lot of mistakes (most get caught before you see it), but some do get past us. Thanks for pointing it out.

Dear Sonic-Grams,

Knuckles has a daughter!!!! This is the most unusual thing because i thought he was only 15 as mentioned in issue no.91 where Gala-na tells the

weasels about Knuckles' amazing powers. Is this why he wanted the Floating Island inhabitants to be restored? Is Julie-Su his wife? Oh yeah, I want to congratulate Dawn & Ken on their excellent work. Good going, guys! The Blue Blur is the best. I liked your story of Crouching Hedgehog Hidden Dragon though it had a weird end to it. Please keep printing the data files & I would love it if you printed a page devoted to fun stuff in each comic. I think the 5 page stories will be cool since they shine on some of Sonic's pals. I can't believe some people don't believe in reading comics! It gives you relief from studying hard.

Michelle D'Lima

You go, girl! We could use a few more readers like you telling everyone the way it is. Concerning Rad Red's daughter, she's from the future and really hasn't been born yet either here or in mostly any other zone you care to visit. Besides, Julie-Su and Knuckles are barely in the hand-holding stage. As for the data files and fun pages, I'm open to requests. I'm sure Benny and Karl would love to hear what you want to see in their stories, so don't be shy, y'hear?

**That's it for this month.
Check back with us
next issue for
more fun,
laughs and thrills.
Take care.**
